

2019-2020 Service Agreement for Student iPad 5th Gen

Each student of Central Noble Community Schools will be issued a iPad 5th Gen as part of his/her textbook rental for the 2019-2020 school year. It is the expectation of the Central Noble Community School Corporation that the student is responsible for the care and protection of this electronic tool. Central Noble offers a service agreement for the accidental damage of this device. Prior to a student receiving his/her iPad 5th Gen device, the primary guardian must read this agreement and acknowledge that he/she understands the terms and conditions for accepting or declining the service. The service agreement cost is \$50.00 annually per student. Each claim covered by service agreement will be assessed an incremental deductible within the current school year. The first claim deductible will be \$50.00 with the deductible doubling each time a claim is made within the current school year up to two claims. Claims and deductibles are applied to individual students and not to families. After the second claim, the student is liable for the full repair or replacement cost of the device. If a student withdraws from Central Noble and then re-enrolls later in the current school year, the service agreement coverage purchased at the student's initial registration will be reinstated along with the number of claims made prior to withdrawal. The service agreement will be active from the time it is paid and the device issued until either the device is officially remitted to school officials at the end of enrollment or June 30, 2020, whichever comes first.

Annual Fee Due at Registration per Primary Family	Deductible Claim #1	Deductible Claim #2	Damage for Claim #3
\$50 per student	\$50	\$100	Full replacement or repair cost

Lost or Intentionally Damaged Device and Accessories:

An iPad 5th Gen or any of its accessories that are lost (whereabouts unknown) or intentionally damaged is the responsibility of the student and parent involved in the loss of property and will not be covered by the service agreement. The user may not be given another device or accessory to use until the replacement cost of the lost/damaged device or accessory is paid to the school. Removal or damage of the label containing the barcode (on the iPad 5th Gen or the charger) is also considered iPad 5th Gen damage and will be assessed a \$10 fee.

Events that may not be covered by this service agreement policy include, but are not limited to: lost device, theft, damage due to negligent or malicious actions of the student such as transporting outside of protective case, food and drink around the device, or exposure to extreme heat or cold (left in the car).

Events that may be considered accidental damage by this policy include, but are not limited to: events at home that result in property damage caused by wind, fire, and water, events where a device is in a car that is involved in an accident, events that may be created by parents, siblings, or classmates which result in damage to the unit (the other party may be held responsible for damages depending on the evidence), other events as determined by the Technology Coordinator or school administration.

This policy will pay to repair or replace the unit as a result of accidental damage. However, current homeowner insurance or auto insurance policies will be the first insurer when applicable. This policy may be used to cover costs beyond the scope of these insurance policies including deductibles that apply to those policies.

Repair of the iPad 5th Gen Students will be given a Loaner device until their device is back from repair and arrangements have been made for or paid on the device.

If purchasing Service Agreement after the device has been issued:

This purchase agreement does not take effect until the following conditions have been met:

- 1) The iPad 5th Gen has been inspected by the Central Noble Technology Department.
- 2) Purchase of the service agreement has been made and payment has been received

This service agreement policy is optional and may be refused by the parent/guardian with the understanding that they are responsible for all repair and replacement costs for the unit. Students receiving an iPad 5th Gen agree to keep the unit in the protective case when it is not in use and/or it is transported.

CN Primary and Elementary Guidelines & Responsibilities
