Two Learning Options for 2020-2021

Central Noble Community Schools is going to provide two learning options to begin the 2020-2021 school year. The options are defined below.

OPTION 1: Traditional learning – Students come into the school for traditional in-person instruction. There may be times that social distancing is not possible. During this time, students and non-students will be required to wear masks where social distancing is not possible. Instruction will be provided within a traditional classroom setting with actions taken to mitigate the impacts of COVID-19. Classroom arrangements, daily schedules, building flow, lunch times and eating locations will be altered to reduce exposure risks for staff and students.

OPTION 2: Virtual learning- Students will remain at home. Opportunities for direct Instruction will be provided through digital streaming and other digital platforms. Students will have the opportunity to interact directly with school staff for support. Assignments are submitted electronically. Students will be required to participate in daily activities during traditional school hours. Internet access is required. Due to constraints in curriculum and staffing, not all courses will be offered in the virtual setting.

To register for virtual learning please go to:

<https://forms.gle/T6NbNXsobseck4r76>

Central Noble will allow families to select the learning model that best meets their needs. While both methods will address state standards, the curricular material may vary based on the means of instruction. Parents who wish to select the virtual option, must complete the form linked above prior to August 1. Changes in the instructional method will be accepted until Friday, August 28. Students will remain on the learning path until the end of the first semester.

Symptoms of COVID-19

*Usually presents with more than one symptom.

Look for **emergency warning signs*** for COVID-19. If someone is showing any of these signs, seek **emergency medical care immediately**

- *Difficulty or rapid breathing
