WORK SESSION MINUTES

The Central Noble Community School Corporation Board of Education met for a work session on Monday, December 16 at Central Noble Administrative Offices.

Those in attendance were as follows: Robby Morgan, Brian Geiger, Tyler Schuller, Amanda Lock, Jason Schoeff and Jared Knipper. Kim Baumgartner, Jamie Howard, Fawn Alexander and other members of the steering team both in person and virtually.

With the regular session running over, we logged in virtually with Miriam Cohen from Education Elements to being the work session at 5:50pm.

Mr. Morgan began with an overview of the Strategic Planning process and the goals set forth that the district wishes to achieve.

Miriam provided an overview of the planning process, beginning at day 1. She offered information to the board on how many staff, families, students and community members participated in the feedback portions. She continued by reviewing the 3 in person sessions with the steering team and how the data was digested to come to the final draft of the actual Strategic Plan.

She then provided a sneak peek to those in attendance of the physical plan in its final draft stage. She asked of the board and other plan committee members to provide feedback on the clarity and effectiveness of the data in the plan. The goal is for it to be to the point and understandable for all stakeholders.

A PDF copy of the plan is being emailed to the board and steering team for review and feedback will be received through the beginning of January as the planning team works towards launch in April.

Miriam closed out the meeting by providing the launch and implementation timelines to the board.

With no further discussion or comments, the meeting was adjourned at 6:28 p.m.
